

**Product Discontinued Announcement:
 GS40~280 Series CCC Logo will be Removed & Discontinued**

2017.11.14

The CCC (China Compulsory Certification) of MEAN WELL external adaptor GS40/60/90/120/160/220/280 series will soon be expired in Feb.2018(please refer to the following table for details). As GS40 ~ 280 series only meet the energy efficiency standard Level V as well as new generation, GST series, compliant with the latest energy efficiency standard Level VI and global certification were launched in 2014, the CCC (China Compulsory Certification) of GS40 ~ 280 series will not be extended. Furthermore, the CCC logo will be deleted before expiration date and products will be discontinued (since Feb.2018).

In order to service customers for the interim of system certification alteration for new models, LAST BUY service of GS40 ~ 280 series will be provided before 2017/12/10. For any requirement of GS40 ~ 280 series, please order before the LAST BUY date.

MEAN WELL GST family, launched in 2014, have the higher cost-performance ratio, complete safety regulation, and being in line with Level VI energy efficiency standards, not to mention wider operating temperature(-30 ~ +70 °C), 3 years warranty. In addition, GST family product dimension is the same as GS family. All in all, replacement is highly recommended. Shall there be any questions, please refer to the updated specification on website or contact MEAN WELL sales representatives.
